

# Stay OK at school

## Create a poster – bullying or cyberbullying

Bullying and cyberbullying are serious issues. Create a poster that raises awareness about one of these issues.

Start by researching some facts about bullying or cyberbullying. You could try one of these websites:

[www.thinkuknow.org.au](http://www.thinkuknow.org.au)

[constablekenny.org.au](http://constablekenny.org.au)

[esafety.gov.au](http://esafety.gov.au)

Think of the message that you want to pass on to other students. What do you want other students to be aware of?

Have you thought about how you might decorate your poster? How will you catch people's attention?

Why not send a photo of your poster through to our team at ACT Policing? We would love to see your creations. Get your teacher's permission and email the photo to [ConstableKenny@afp.gov.au](mailto:ConstableKenny@afp.gov.au)
